REVISED ESTIMATES, 1962-63
SUMMARY OF STANDARD OBJECTS OF EXPENDITURE AND SPECIAL CATEGORIES

This is a broad classification by classes of expenditure which are grouped into what have been adopted as Standard Objects of Expenditure and Special Categories. The Standard Objects include types of expenditure which are in many instances shown in the details of the Estimates under more informative titles. The Special Categories would lend themselves to classification under the Standard Objects but are of sufficient interest and importance to warrant special mention.

The Standard Objects are numbered 1-22 and the Special Categories numbered 23-33. The Objects and Special Categories shown in the Estimates are identified by the number of the Standard Object or Special Category of which they form a part.
